THE
YATELEY
SOCIETY

CHANGE OF ROOM

The talk on Population Migration on November 9th will now be in the Green Room and not in C.!.4.

AN INFORMAL GENERAL MEETING

Wed 15 November YOUR SOCIETY Y.C. Green Room 8:00pm

WHO ARE WE? WHAT DO WE DO?

"Prepare for the 1990's" scream the headlines on half-a-dozen freebie mailshots in my morning post. On every side, for every reason, I am being bombarded with the notion that new decades bring significant changes. And though I am sceptical of the *efficiency* of mountains of efficacy cut-price stationery as a preparatory measure, the incidence of car-phoning motorists and my daughter's pre-occupation with eco-safe household products, convince me that changes have dramatically altered many adjuncts to domestic life, and that I must adapt to some of these changes.

The same must be true for The Yateley Society. Ten years have elapsed since the first study group met to "Discover Yateley". In January 1991 The Society will celebrate its tenth birthday. During the past years we have discovered much more about Yateley and the forces which have shaped, and are shaping, our town/village. If our Society is to continue to flourish for the next decade, we have some thinking to do. We need to assess what we have achieved, what we would like to achieve, and what we may achieve. Our thinking cannot be delegated to the Executive Committee; we, the members, must do this.

Consider again why you joined The Society. COME TO AN INFORMAL MEETING ON WEDNESDAY 15th NOVEMBER AT 8:00pm IN THE GREEN ROOM, YATELEY CENTRE. Come with your ideas, your criticisms, your hopes, your fears; come to discuss together what the 1990's may hold. Your reward will be coffee and homemade cookies, congenial company, and your direct contribution to The Society's future.

Elizabeth Tipton
